APPENDIX A: PHYSICAL SECURITY CONTROLS

To maintain compliance, the following physical restrictions are enforced across all corporate datacenters:

1. Biometric Access: All entry points require dual-factor authentication, combining biometric facial recognition scans with encrypted hardware keycards.
2. CCTV Monitoring: Continuous 24/7 video surveillance is recorded and securely archived for a minimum retention period of 90 days.

3. Visitor Logs: All non-employees must be pre-registered, escorted by a staff member at all times, and sign a digital non-disclosure agreement (NDA) upon arrival.
